# PREK-2ND GRADE CMS LAUNCHPAD AT HOME --IPAD

Directions: Use the steps listed below to log into a CMS issued iPad at home.

1. Open the ClassLink App.
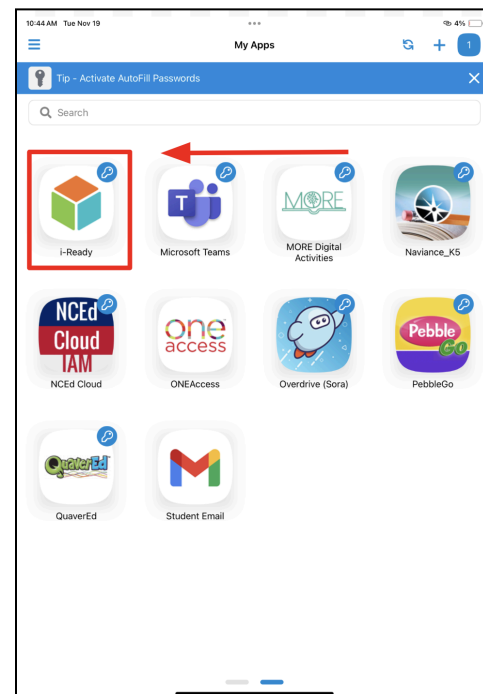

2. The login screen will appear.
   Type in the teacher provided student username and password then click *Sign In.*
   OR scan the teacher provided Student QuickCard.

3. Select the Multi-Factor Authentication (MFA) symbol predetermined by your student.

4. Select the App needed for instruction.

5. Some apps will prompt you to log into Zscaler and this login screen will appear.

6. Type in the student CMS email address. studentID@cms.k12.nc.us
<mark>Students should not type *student* in their email address.</mark>

7. You will be redirected to a separate login page.

8. Enter the email address in the same format as above. studentID@cms.k12.nc.us
<mark>Students should not type *student* in their email address.</mark>
In the password field, enter the same password used to login to the CMS LaunchPad from Step 2.
