

# WELCOME TO OUR HOUSES!

### *Why Houses?*

Being a member of a house is being a member of a family. Houses offer competition, comradory, collaboration, communication, and connection. We will have House meetings, House celebrations, and team building activities that will foster a sense of community!

### *How does the House System work?*

Throughout the year, the Houses compete against one another in a variety of competitions by accumulating points. Individual students can also earn points for their House based on behavior and success.

### *How do students earn points?*

- Leader in Me habits and disciplines
- Academic excellence
- Effort
- Teamwork

BES will track points by using the RCA points app! Points are tracked in real time and will be celebrated throughout the school!

### *How can we show our school spirit?*

House spirit days will be every Friday. Students are encouraged to dress in their House color.

The link below has more information on the House System and the meaning of each House!
