DO complete a meal application if:

- You have school-aged children in your household that attend a CMS school not listed above.
- Your children attend a CEP school listed above and you need an eligibility letter to present to receive fee waivers. Students attending CEP schools are not required to have a meal application on file to receive breakfast and lunch.

A meal application may be completed online at www.cmsk12.org, select Departments then School Nutrition Services. A paper version may be printed from the website, obtained from your child's school or contact the School Nutrition Department at 980-343-6041. Please do not hesitate to call our office if we can assist you further.

During the school year if your child moves from a CMS Community Eligible Provision (CEP) school to a CMS school that is not CEP you must complete a meal application to be considered for meal benefits at the new school.
