   C. Strategies for ensuring students understand how to report possible sexual harassment and are aware of the school's obligation to promptly and effectively respond to sexual harassment complaints (lessons for students, on all CMS websites)

Discussion included our annual review of Title IX. Outcomes:
   ● Admin team attended annual training per policy.

   ● Reporting procedure allows for families and students to file a report on the school website.
   ● Some of our minority populations on the panorama survey scored lower on the “sense of belonging” indicator. We will hone in on this during the 2021-22 school year.
   ● Concerns and ideas related to more inclusive, representative of diverse population were shared related to training scenarios, parent interactions, books/literature, career fairs, etc.
