Indicators to Assess: - Create- Monitor:

- **Indicator A1.07- Instructional Excellence and Alignment- High expectations for all staff and students.**
 - All teachers employ effective classroom management and reinforce classroom rules and procedures by positively teaching them.
 - We’ve had a shift in increasing high expectations.
 - We’re continuing to improve.
 - We have positioned ourselves in the right direction.
 - In the beginning stages; Principal Thompson is looking forward to where we are headed.

- Good that the morning message goes out every morning reminding students to listen to instructions the first time they are given. Great that the message ends with “I love you.”
- The consistent message is good!
- **Indicator 2.04-Instructional Excellence and Alignment - Curriculum and Instruction Alignment.**
 - Instructional teams develop standards aligned units of instruction for each subject and grade level.
 - Nice to have support from coaches
 - Teachers are able to have time for planning
 - Having supports in place is been “phenomenal” (ie: supplies and hands on support)
 - The instructional planning was clear during a kinder walk through, objectives were clear, students were on task.

Indicator 4.01- Instructional Excellence and Alignment - Student Support Services

- The school implements a tiered instructional system that allows teachers to deliver evidence-based instruction aligned with the individual needs of students across all tiers.
 - There’s an abundance of data being collected on our students to determine their needs.
 - Providing multi tiered supports is in progress.
 - Processes are being put in place.
 - The core continues to be the focus.
 - The student services team continues to partner with teachers.
 - What is produced from Panorama data?
 - During Principal Thompon’s meeting with the student services team, this data is reviewed and a plan is developed.
 - As a staff we will dig deeper as a staff.
 - Self regulation
 - Counselors are developing a plan.
 - Next school year, there will be more action around this next data.
