### III. Celebrations

#### MAP Growth Celebrations, Attendance

- Congratulations to our teacher of the year Ms. DJ, who represents the SIT team
- Bingo Family Night was phenomenal, lots of turn out for families, it was great to feel the excitement of the families and to
- The 3rd, 4-5 ELA teachers and their data dive in their planning meeting; it was exciting to see them break down small group instruction and really have meaningful conversations
- Great celebrations of MAP growth, behavior incentives, and the AttendANCE. Extra shout out to the special areas teachers for always supporting these celebrations
- Shout out to the K-2 teachers for stretching their students thinking by asking follow up questions to help students explain Why? And How?

### IV. New Business

- PTSA had a candy gram sale and made a \$28 dollar profit. We need to replace our treasurer so if anyone has a parent that could serve in this position let them know.
- Indicators to Assess: - Create- Monitor:
  - Indicator C2.01- Quality of Professional Development**

The LEA/School regularly looks at school performance data and aggregated classroom observation data and uses that data to make decisions about school improvement and professional development needs.

    - PD on Learning Targets
      - The objective on the board is interwoven into all parts of their lesson. Activating prior knowledge and making connections. Utilize the question as a check-in during the lesson for both the student and the teacher. After the Exit ticket or independent practice discussing what we did today or what we learned today.
    - PD on Culturally Responsive Teaching
      - We are focusing on equity. We want to students to do the lifting instead of the staff. Full group core sessions and real time data coaching based on individual student needs.
    - Data/Planning Days
      - Teachers spend the day looking at data recapping as a team reflecting. What is working, what is not working, and what can we do better. Aligning things across the grade levels and incorporating new strategies such as centers and small groups
    - Coaching/PLCs planning for small groups
