2ND GRADE DIGITAL CITIZENSHIP

LET'S GIVE CREDIT

OBJECTIVES

By the end of this lesson, students will be able to:

- Explain how giving credit is a sign of respect for people's work.
- Learn how to give credit in their schoolwork for content they use from the internet.

Reduce, Reuse, Recycle

By Jay Gomez | July 14th, 2019

The 3 R's are meant to help us cut down the amount of garbage we throw away.

Whenever you see this symbol, remember that you can recycle it instead of throwing it in the trash! This helps the environment.

ACTIVITY

School Report Directions

You are doing a school report on a musical group called The Digital Citizens. You gathered all of your information from 3 different websites.

1. Review the websites and complete the report.
2. Be sure to give credit for the information you used!

FAMILY ACTIVITY

GRADE 2: DIGITAL CITIZENSHIP FAMILY ACTIVITY

We the Digital Citizens

The internet can be fun, but it also requires responsibility, so your kid is learning how to be a safe, strong digital citizen! What does that mean? They're learning to ...

- Find fun, cool stuff online.
- Set limits on how much time they spend online.
- Keep personal information — like their phone number and address — private.
- Pause and think before searching, clicking, and sharing.
- Ask before they go online.
- Pay attention to their feelings and ask for help when they feel scared or confused about something they see online.

Check out the music video featuring our favorite digital citizenship friends! Watch it together (turn on captions so you can see the lyrics), and sing along!
https://www.commonsense.org/education/videos/we-the-digital-citizens

Now talk about this together:

1. What was your favorite part of the song? Why?
2. What rules do we have about using apps and going online?
3. What sites are OK to use?
4. What are the time limits? Make a list of safe sites and apps and your rules to put in a place where your whole family can see it!
