**When completing this form to request a course change, please ensure your courses match. If you are dropping an A/B day class, you must add an A/B day class. If you are dropping a 4x4 class, you must add a 4x4 class. Failure to have a balanced schedule could result in changes to your elective options to create balanced courses. If you have questions about class offerings the “PHS Course Guide” and sample registration cards are located on the PHS Counseling Website.**
