

Greetings JMA Families,

Welcome to the 2025 - 2026 school year. As we begin this school year, we would like to provide you with essential information for new families and Multilingual Learners (MLs). The videos serve as an informative resource for families to become familiar with the district's policies, procedures, and resources, to help you acclimate to the CMS community.

The video has been prepared in English and the top ten languages of the school district to support language access for families. Below are the links to the videos in different languages.
