Need to Know:

-Homework is MANDATORY, and should be completed each week. Scholars are allowed to turn their homework in on Friday or Monday.

-Please sign agendas each day.

Math

Start Unknown

Ms. Aguilar had some cookies. She gave 36 to Ms. Burns. Now, she has 12 cookies. How many did Ms. Aguilar start with?

Change Unknown

Ms. Robinson has 13 apples. Ms. Burns gave her some more. Now she has 24 apples. How many Apple did Ms. Burns give Ms. Robinson?

Two Step

Ms. Burns has 19 oranges and Ms. Aguliar ate 13. Then Ms. Robinson gave Ms. Burns 15 more. How many oranges does she have now?

True Equations. Circle the true equations

$$15=9+6$$
$$8+4=9+5$$
$$9+8=10+7$$

Reading-Comprehension

Read the passage as a class.

Read the passage to yourself.

Read it with a partner.

With a highlighter, we will look

For the answer! You and your

Partner will share your answer,

Where you found it, give me a

Thumbs up and we will share

Out to the class.

Text:

Open with ▾

Three brothers were supposed to help their mom clean. The boys were told to pick up their things around the house. They should put their stuff into the bucket after it was picked up, said their mom. Jimmy and Johnny both said that the ball wasn't theirs and they were not going to pick it up. They got into an argument over whose ball it was. Jimmy said it was Johnny's ball and Johnny said it was Jimmy's ball. They started fighting over it. Their younger brother Ted walked over and put the ball into the bucket. He didn't care who the ball belonged to. He just wanted to help his mom. Jimmy and Johnny got in trouble for fighting. Ted got ice cream for helping his mom.
