

Allenbrook Elementary School

Replacement Project

The 2023 general obligation bond referendum presents us with a unique opportunity to enhance the learning environment and educational opportunities for our students. It aims to offer more academic options, alleviate overcrowding, and support safe schools. Here are the highlights of the project that will impact our school communities:

School Board Member District 2

The Allenbrook Elementary School bond project involves an offsite replacement at the Freedom Driving Range location. The existing school facility will be demolished after students and staff move into the new building. The project aims to create a modern and improved learning environment for students by providing them with a brand-new facility equipped with state-of-the-art amenities and resources.

Estimated Cost:
\$74,244,220
