Title IX

The purpose of raising the topic of sexual harassment at the SLT meetings is to evaluate the district's efforts toward eliminating any student-on-student hostile environment based on gender.

Another goal is to assess the district's efforts to prevent sexual harassment from recurring. The SLT should be aware of our obligation to promptly respond to these reports. You could explain that sexual harassment is the unwelcome conduct of a sexual nature that includes both physical and verbal conduct and that sexual violence is a form of sexual harassment prohibited by federal law.

The specific input that CMS agreed to seek from the SLT members are:

- Strategic recommendations for preventing sexual harassment in CMS and ensuring that students understand their right to be protected from sexual harassment; and
- Strategies for ensuring students understand how to report possible sexual harassment and are aware of the school's obligation to promptly and effectively respond to sexual harassment complaints.
