

Huntersville Elementary School

Replacement Project

The 2023 general obligation bond referendum presents us with a unique opportunity to enhance the learning environment and educational opportunities for our students. It aims to offer more academic options, alleviate overcrowding, and support safe schools. Here are the highlights of the project that will impact our school communities:

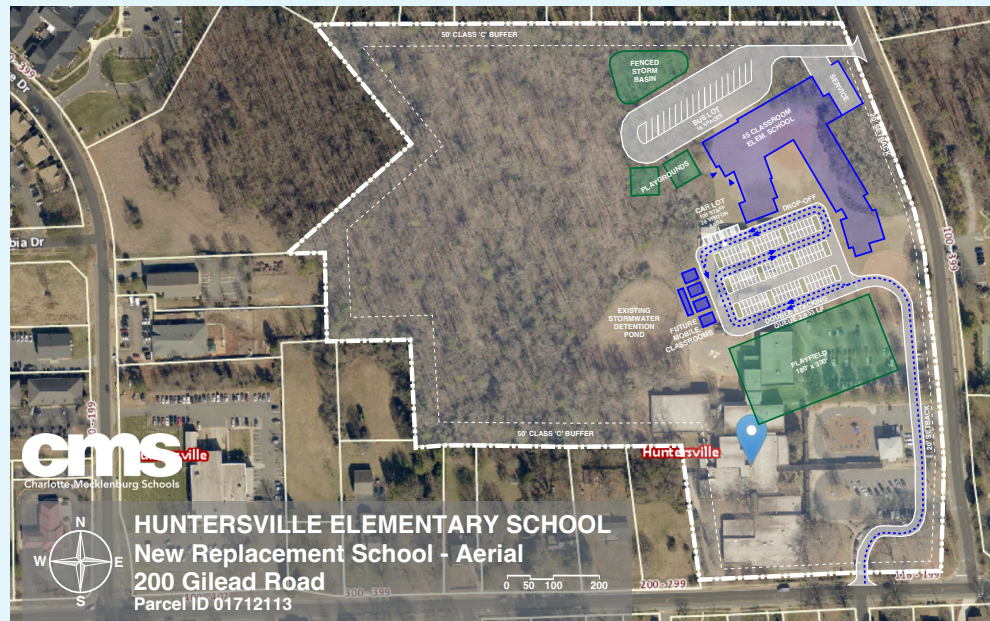

School Board Member District 1

The Huntersville Elementary School replacement bond project entails the construction of a new 45-classroom baseline facility on the existing site. This initiative is designed to modernize the school's infrastructure and create an upgraded learning environment for students. By replacing the current buildings, the project aims to offer a contemporary and innovative space that promotes effective teaching and learning, ultimately enriching the educational experience for the Huntersville Elementary School community.

Estimated Cost: \$66,235,904
