

Cochrane Collegiate Academy and iMeck

Design Only Project

The 2023 general obligation bond referendum presents us with a unique opportunity to enhance the learning environment and educational opportunities for our students. It aims to offer more academic options, alleviate overcrowding, and support safe schools. Here are the highlights of the project that will impact our school communities:

School Board Member District 3

The Cochrane Collegiate Academy/iMeck design project focuses on the redesign of the school's facilities. This design-only initiative involves the onsite replacement of the existing structures with a modern 54-classroom baseline facility. Additionally, as part of the project, the 9-12 iMeck program will be relocated to Garinger High School. The project aims to create an updated and conducive learning environment while efficiently utilizing educational spaces to enhance the educational experience for students.

Estimated Cost:
\$7,506,657
